

Touch the **Advanced** button in the main menu to reach the Xtra Games menu.

Choose an available game from the menu on the left.

Xtra Play: Select your card price, bingo pattern and number of cards. Get a bingo in the specified number of balls or less and win!

1. Touch the **Advanced** button to access the main menu in advanced mode.
2. Touch the **Options** button in the main menu to access game options.
3. Select your new dabber colour and shape. Your old dabs will remain in their previous colour and shape.
4. Choose your view by touching the 1up, 6up or 9up cards in the view section.
5. If you want Gecko's Tips to help you in Advanced Mode, you can turn them on by touching the **Turn On** button.
6. To lock your terminal, touch the lock icon. The system will log you out automatically if you do not log back in within 10 minutes. **You will need to remember your password to log back on!**
7. To return to your bingo game, touch the **Play Bingo** button or touch the **Basic** button to return to basic mode for automatic play.

Big Link Bingo: Buy your cards before the next game begins. Play bingo for the Jackpot!

How to Get started

1. Touch anywhere on the screen to begin.
2. Enter your Player ID (the large number found on your receipt) and password using the keypad on-screen.
3. Select your bingo session.
4. You are now in basic mode where game play is automatic. If you need to purchase cards, touch the **Advanced** button to proceed to the main menu.

How to Buy Bingo Cards

1. Touch the **Buy Cards** button in the main menu to access the buy screen.
2. Touch the game button once for each card (or set of cards) you wish to purchase. Your selections will appear in your on-screen receipt.
3. Some cards may not be available based on maximum card and game in progress restrictions.
4. Touch **Buy** to purchase your selections. You will be asked to confirm your purchase. Cards are non-refundable.
5. Touch **My Cards** to view/exchange (regulars only) your cards.

6. Touch any card to zoom in and view your card numbers.
7. Touch **Next** or **Back** to scroll through your cards.
8. Touch **Play Bingo** to go to the main game screen and play bingo in advanced mode (which has more features and options) or the **Basic** button to return to basic mode for automatic play.

How to Play Bingo!

1. For your convenience, your screen shows the current ball, flashboard, # of balls called and the bingo pattern.
2. If you wish, you can exchange regular cards by touching the card face before a game begins.
3. Touch each card face to dab individually or touch **Quik Dab** to dab all of your cards at once. Cards are automatically sorted to show your best card in the top left-hand corner of the screen.
4. The green, numbered ball at the top left-hand corner of your card indicates how far from a bingo you are. The ball turns red when you are 2 away!

Advanced Mode

Advanced

The Advanced button accesses more exciting game features.

Play Bingo

The Play Bingo button brings you back to the main game screen to play bingo!

Xtra Games

The Xtra Games button brings you to the Xtra Games menu for Big Link Bingo and other exciting games.

My Cards

The My Cards button allows you to view and zoom in on all of your card faces.

Buy Cards

The Buy Cards button brings you to the buy screen where you can purchase regular and special cards.

Options

The Options button allows you to change your playing options such as dabber colours and shapes.

Basic

The Basic button allows you to quickly get back to basic mode for automatic game play.

Quik Dab

The Quik Dab button dabs all your cards at once and sorts your best cards.

Bingo!

When you have a bingo, the Quik Dab button turns into a glowing Bingo! button. You must touch this button to acknowledge your bingo.

The new way to play!
